### GOT BLAIR PAROLED

Assistant At Frankfort Makes Charge as He Resigns; Will Not Disclose Name

Newport, Ky., June 20.—In a statement bitterly criticizing methods of conducting the Kentucky State Reformatory as being of "milk and water, Sunday school character," Joseph Maxey, Newport, Ky., today announced he has tendered his resignation as assistant superintendent because of his disapproval of conditions at the reformatory.

Maxey denounced the policy of the new superintendent, Henry V. Bastin, who, he said, treated the prisoners as "honored guests of the institution."

Asserting that Governor Edwin P. Morrow was hoodwinked in pardoning Frank Blair, who was confined in the reformatory for holding up Captain James Hendricks, of Louisville, Maxey said the pardon was not transmitted through proper channels, neither was there any excuse for not knowing what other offenses he was sought for, he said, as the names of all offenses charged were on the prisoner's commitment card.

"The pardon of Blair," Maxey said, "was the result of efforts of a powerful band of politicians and wealthy friends of the convict."

Maxey, who was appointed assistant superintendent of the reformatory early last winter, tendered his resignation Saturday to take effect June 25. He is succeeded by G. N. Hopkins, of Clinton county.

## JERRY J. TILFORD SUC- CUMBS TO HEART TROUBLE

Mr. J. J. Telford died at his residence in Fordsville, at 3 a. m., June 15 of heart failure, at the age of 63 years. He had been in poor health for the past few months but had apparently recovered. His death came unexpected. Capt. Telford was a veteran in the railroad service, having been a conductor on the L. H. & St. L. for 33 years. had a broader acquaintance than anyone else in this section of the state.

He leaves a widow, one daughter, Mrs. Clarence DeWeese, of Lexington, and one son, Mr. Paul Telford, of Louisville. Mr. J. W. Telford, of Beaver Dam, is a brother.

Funeral services were conducted at the Fordsville Baptist church, June 16, Rev. R. L. Brandenburg delivering the sermon. An immense congregation was present. After friends and relatives had viewed the remains the body was turned over to the Masonic fraternity of which he had been a member for half a century. Dr. Barnhill conducted the Masonic exercises making a very impressive address. About 100 Masons were present. Burial was in the Fordsville cemetery. A beautiful array of flowers was placed on the grave by the young ladies of Fordsville.

## HARTFORD-OWENSBORO ROAD CONTRACT LET

Frankfort, Ky., June 16.—The State Highway Commission today let the contract for four and three-tenths miles of grading and drainage on the Hartford-Owensboro road, Ohio county, to Costello Bros. & Mays, Knoxville, for \$50,206.07. Ohio county contributes \$20,000. It is part of a projected road, connecting Scottsville with Owensboro.

## LOGSDON—FAUGHT

Mr. James T. Faught, of Cromwell, and Miss Thelma Logsdon, of Beaver Dam, were united in the holy bonds of wedlock by Rev. Russell Walker, Sunday morning. The couple remained seated in their auto in front of Bro. Walker's residence during the ceremony. We join their many friends in extending congratulations.

## BARN BURNED

During the electrical storm last Saturday night, a barn belonging to Mr. Raymond Wade, of near Select was destroyed when lightning set it on fire. Two sheep and some farming implements were also consumed by the flames. There was no insurance.

## BUSINESS SCHOOL TO BE LOCATED AT HARTFORD

For some time local citizens have been urging the Owensboro Business College to establish a branch school at Hartford. Last week Prof. B. S. Jenkins, President of the school, came to this city and soon secured quite a list of students. Prof. Bunch, a teacher in the school was here Monday evening and Tuesday and secured a sufficient number to assure the school.

The equipment, consisting of typewriters, desks, tables, electric fans etc., will be sent here this week, and the school will start Monday night, June 27. Sessions will be held Monday, Tuesday and Thursday nights. It is the intention of Prof. Jenkins to make the school permanent. Classes will be instructed in shorthand, bookkeeping, typewriting, rapid calculation, penmanship and spelling, with the possible addition of other subjects later. The school will be located in the three rooms above W. H. Balze's store.

## MARRIAGE LICENSES

Charles D. Taylor, aged 23, Beaver Dam, to Grace Miller, aged 19, McHenry.

James T. Faught, aged 19, Cromwell, to Felma Logsdon, aged 19, Beaver Dam.

Both the above couples were married by Rev. Russell Walker, Hartford, at his residence, Mr. Taylor and Miss Miller Saturday night and Mr. Faught and Miss Logsdon Sunday morning.

"Aunt" Eliza Parks, of Hayti died Monday of the infirmities of old age. She was a respected old-fashioned lady.

## DEMOCRATIC COUNTY CONVENTION MONDAY

County Nominees Selected; Enthusiastic Crowd Fills Court House; Harmony Prevails

The Democrats of Ohio county met in mass convention, at the Court House in Hartford on Monday afternoon at 1 o'clock, pursuant to a call of the County Executive Committee. There was a large crowd of voters present, including a number of ladies. The fact that the court room was filled, on an oppressively hot afternoon, with a harmonious and optimistic host of Democrats augurs well for the prospects of the party in the coming campaign. The convention was called to order by Mr. L. B. Tichenor, County Chairman, who stated the purpose of the meeting to be the recommendation of nominees for the various county offices. The convention was then permanently organized by electing Hon. A. B. Tichenor, Point Pleasant precinct, Chairman and McDowell A. Fogle, Secretary. Upon motion, duly seconded and carried, the following Committee of Resolutions was appointed, viz: Miss Marietta Foster, Hedlin; Esq. Ben W. Taylor, Bartlett; Alvin Ross, Centertown; Esq. J. L. Patton, Ralph; J. H. B. Carson, Hartford; J. W. Foster, Hedlin; W. B. Taylor, Beaver Dam; E. F. Gabbert, Sunnydale, and C. Henry Greer, Ralph.

The committee retired to prepare resolutions, while the convention was favored with most inspiring and encouraging addresses by Hon. L. P. Tanner, candidate for Circuit Judge, and Hon. Glover Cary, candidate for Commonwealth's Attorney. The Resolutions Committee returned shortly and reported the following resolutions which were unanimously adopted:

We, the Democrats of Ohio county, in convention assembled, do declare 1st. That we endorse and commend the wise, conservative and patriotic policies of the last Democratic National Administration, under the leadership of that masterly statesman, Woodrow Wilson.

2nd. We approve and call to the attention of the voters the many principles of our party which were incorporated into law and placed upon the Statute Books during the eight years of Democratic control of national affairs, among which the most important were:

1st. The Federal Reserve Bank Act, by which a perfect, elastic system of currency is given the country, panics are made impossible and finance is removed from the domination of Wall Street.

2nd. The Federal Farm Loan Act by the proper administration of which the farmers would be furnished adequate capital on reasonable terms for the payment of debts and the improvements of their farms.

3rd. An efficient law for the federal aid of Public Highways.

4th. The attempted removal of the tariff from politics by the establishment of the Tariff Board intended to function upon a purely scientific basis.

5th. The election of United States Senators by direct vote of the people.

6th. The final enfranchisement of American womanhood by the adoption of the Nineteenth Amendment.

7th. The successful completion, in less than two years, of the greatest war of history.

On the other hand we view with misgivings and utterly condemn the insincere and time-serving course which has been and still is being pursued by the Republican party. That party has had a working majority in Congress for many months and has done nothing to fulfill its pledges or to relieve after-the-war conditions of unrest. The Republican party in its last campaign promised all things to all men, especially on the issue of the League of Nations, but we are as far as ever from peace or settled foreign relations. They promised a reduction of taxes and the high cost of liv-

ing and reduced wages. They have proclaimed their desire to help the farmers. To show their love for him they have passed the Emergency Tariff Law, the only effect of which is to increase the import duty on material and supplies needed by the farmer, without raising the price of his products. But the greatest neglect of the farmer has been the failure of the Republican Congress to make an emergency appropriation for the purpose of enabling the Federal Land Banks to adequately care for the financial needs of the agricultural class. The hard-working, but unfortunate tiller of the soil, who bore the heat and burden of the day in the war activities of three years ago, has been deserted, and though in dire need,—in many instances on the brink of ruin,—he has been ignored by a Congress whose only desire is to belittle and malign the last Democratic administration and to try to turn every phase of public life to partisan ends.

We unreservedly endorse the Versailles Treaty and the Covenant of the League of Nations and pledge our best efforts to the task of redeeming, at the earliest possible moment, the besmirched honor of the nation, so dragged in the dust of ignominy by the partisanship of the Republicans in the Senate and out. We view with shame the spectacle of a President who is too weak-kneed to take a stand on anything and too timorous to rebuke, if he desired to do so, the treasonable utterances of his official representatives, his Sims and Harveys.

In State and local affairs, we call the attention of the voters to the habitual and unwavering support of the interests of the people by previous Democratic Administrations and in contrast point to the record of broken pledges and discredited policies which is the Republican party's. In 1919 Morrow promised the people law-enforcement and prosperity. We have had lynchings, feuds, strikes, abuse of the pardoning power and "hard times." He promised us lower taxes and increased efficiency and economy in the management of the State's affairs. He and his party have given us higher taxes and nothing to show for them. A page headed "Record of Republican Achievement in County, State and Nation" must necessarily be a blank. We also condemn the present State officials in lowering the Common School teachers' salaries.

We desire to hereby extend to the ladies of Ohio county a most hearty welcome as voters and co-workers for the common weal. We urge them to take an active interest and part in party affairs, as only by such participation can politics be raised to a higher, nobler level.

Finally we approve the call of this convention and pledge our wholehearted support to the legally selected nominees of the party for the coming November Election.

It was then moved, seconded and unanimously carried that the convention proceed to make recommendations for nominees for county offices. Nominating speeches were made and the vote taken, resulting as follows: Representative, Dr. D. H. Godsey, Narrows; County Judge, T. F. Tanner, Hedlin; Circuit Clerk, A. C. Porter, Hedlin; County Clerk, Guy Ranney, McHenry; County Attorney, Judge Mack Porter, Beaver Dam; Jailor, Newton R. Balze, Fordsville; Tax Commissioner, Clarence Patton, Bartlett; Coroner, J. W. Wilson, Hartford. It appearing that there were a number of prospective candidates for the nomination for Sheriff, it was moved, seconded and duly carried that this convention refuse to recommend a nominee for said office, leaving the decision between the aspirants to the primary on August 6. The convention then adjourned. This was altogether one of the most successful gatherings of Democrats within recent years.

## CHARLES WILLIAM CANAN

Charles William Canan died at his home in Louisville, Wednesday, June 8, 1921, of heart failure. Mr. Canan was born on the L. H. & St. L. R. R. where he was appreciated by officials and fellow-workmen. He was a member of Settle Memorial Methodist church Owensboro, and the Masonic Lodge Owensboro. Mr. Canan was born in Ohio county near Sulphur Springs, the son of J. H. Crittenden Canan and Irene Mitchell Canan. After the death of his father he made his home in Owensboro. The body was brought to Owensboro Wednesday evening June 8th and taken to the home of his Aunt, Miss Cora Mitchell. The funeral services were held Friday afternoon June 10th, at Settle Memorial church by Rev. Cary Gregory. The burial services at the cemetery were conducted by the Masons.

Mr. Canan is survived by his wife, Mrs. Lottie Canan, Louisville, son, Charles Mitchell Canan, Beaver Dam, mother, Mrs. Irene Owen and sister, Miss Anna Canan, Owensboro. The pall bearers were: O. M. Cox, Louisville, Roy Plank, Louisville, L. W. May, J. W. Allen, W. K. Miller and Howard Smith, Owensboro.

## HUBERT BENNETT ATTENDING JUNIOR AGRICULTURAL WEEK

Mr. Hubert Bennett, son of Mr. and Mrs. L. P. Bennett, of the Chapman community, left Sunday for the University of Kentucky, where he will attend Junior Week, instruction in agricultural subjects will be given. This trip was obtained for him by County Farm Agents, McCracken and McInteer, and is due to the generosity of the International Harvester Co., which paid his R. R. expenses. The following local citizens contributed a total of \$9.50 to defray his board and lodging while there: Williams & Taylor, Acton Bros., W. M. Fair, Henry Carson, A. D. Kirk, Mack Cook, L. S. Igleheart, Rowan Holbrook, C. O. Hunter, W. C. Blankenship, M. F. Chumley, W. S. Tinsley and Hartford Herald. Young Mr. Bennett is a member of Chapman Leaders' Junior Agricultural Club.

Those desiring to attend must file their application with the Commanding General, Fifth Corps Area, Fort Benjamin Harrison, Indiana, on or before June 25th.

## WOODROW WILSON WILL OPEN LAW OFFICES SOON

Washington, June 19.—President Woodrow Wilson, as senior member of the law firm of Wilson & Colby, is expected soon to select a suite of offices in Washington and engage actively in the practice of law.

Bainbridge Colby, former Secretary of State, conferred with Mr. Wilson on the matter of opening offices here and also contemplated plans for a Wilson & Colby office in New York, when he spent a day with the former President last week.

As a result of this conference it was decided that the Washington branch would be established soon.

## SLACK FILES

Frankfort, Ky., June 16.—The petition to get the name of R. W. Slack, Republican, Owensboro, on the primary ballot for Circuit Judge of the Sixth Circuit Court District was filed today with the Secretary of State. Democratic candidates, L. P. Tanner and Geo. S. Wilson have heretofore filed.

## RESIDENCE BURNS

A residence in Horse Branch, owned by Mr. G. J. Christian, of Hartford, but occupied by Mr. John Bratcher and family was destroyed by fire, Saturday night, the building and nearly all the household goods were consumed. There was no insurance.

## MRS. S. W. ANDERSON SUCCUMBS IN OWENSBORO

Former Ohio County Citizen; Prominent in Owensboro Welfare Work

In the sudden death of Mrs. S. W. Anderson yesterday morning at 7:30 o'clock at her residence in East Fourth street, Owensboro loses one of its widely known and one of its best loved women.

Her death was caused by angina pectoria and she was ill but a short time. She attended the services of the First Baptist church, of which she was a devoted member, Friday night, and retired as usual about 11 o'clock, after talking to members of the family on the porch of the Anderson home until that time. Awakening about 6:30 o'clock Saturday morning, she was feeling ill and the family physician was called. At 7:30 o'clock she died.

President of W. C. A.  
Mrs. Anderson for many years had been president of the Woman's Christian association and had nurtured and cared for the Mary Kendall home, bringing it to be an institution far beyond an average, a home for the unfortunate, the aged, the destitute, and homeless children. She was one of Owensboro's most charitable and benevolent women, and many of her gifts bestowed were known only to herself and those befriended. She lived her life quietly, peacefully, unostentatiously, but everyone knew and loved her, and she died as she had lived, quietly, among her loved ones.

Mrs. Anderson, besides taking quite an active part in church work, had given much of her time to caring for the Mary Kendall home and under her leadership, it had grown to its present splendid proportions. But lately it has been transferred to one of the largest and prettiest sites in Owensboro through her good offices. It is a nonsectarian home, which receives liberal public support, and to this work Mrs. Anderson made handsome gifts. Those who need help are never turned from its doors. She had spent much of her time assisting with cases coming to this haven of rest.

Born in Pennsylvania  
Mrs. Martha Bentley Anderson, was born at Gettysburg, Pa., in 1842. She was married in Ohio county, Kentucky, in 1861, to Samuel W. Anderson, who with four daughters and two sons survive. Mr. and Mrs. Anderson moved to Hartford, in 1879, and in 1889 came to Owensboro, which has since been their home. Their children are Mrs. S. H. Leshner, of Philadelphia, Mrs. A. D. Murphy, of Cincinnati, J. H. Anderson, of Knoxville, Mrs. R. C. Hardwick, Mrs. Ernest Arnold and E. B. Anderson, of Owensboro.

The funeral was held Monday from the residence in East Fourth street.—Owensboro Messenger.

Mrs. Anderson had a wide acquaintance while a resident of Hartford and is most pleasantly remembered by the older generation, who held her in high esteem. The Herald extends to her sorrowing family its most sincere sympathy.

## MURPHY—CHINN

Mr. John M. Chinn, of Beaver Dam, Route 3, and Mrs. Dora Murphy, of Beaver Dam, were united in marriage last Tuesday at the home of Mr. Martin Crowder, in Beaver Dam, Rev. C. C. Daves officiating. "Uncle Johnnie" as he is popularly known, is a prosperous farmer and a leading citizen of his community. He was a Confederate soldier and has led a useful life. His bride is a most estimable lady. We wish for them the utmost of wedded bliss.

## SINGING CONVENTION AT FAIR GROUNDS, JULY 4

Positively no admission fee will be charged. This is to be an occasion devoted entirely to singing and all music lovers are invited and expected to be present.

## FARM EXTRACTS

INFORMATION FROM THE EXPERIMENT STATION — AGRICULTURAL PAPERS AND THE COUNTY AGENT'S OFFICE

## Laying Ration Is Best For Poultry On Range

Lexington, Ky., June 21.—Best results in feeding growing poultry stock on range are obtained by giving the birds a regular laying ration, according to results obtained by the Kentucky Agricultural Experiment Station. The ration fed was composed of a grain and mash feed, the mash being made up of 100 pounds of bran, 100 pounds of shorts, 100 pounds of corn meal, 100 pounds of ground oats and 100 pounds of tankage. The grain feed was made up of 300 pounds of wheat. The mash was kept before the chicks at all times in a self-feeder thus allowing them to eat whenever they were hungry and saving much time and trouble. The grain was fed both night and morning. In addition to the dry mash which was given to the birds, oyster shell, grit and coarse ground bone were always available.

## New Circular Outlines Potato Growing Points

Lexington, Ky., June 21.—It is seldom practicable to hold tubers from the first crop of potatoes for seed and for this reason the seed crop is usually planted from the middle to the latter part of July, according to Circular No. 100 which has just come off the press at the College of Agriculture and which is intended to be a guide for junior agricultural club members who are growing spuds as their club project. The publication may be obtained free by writing the Experiment Station, Lexington.

## Lice and Mites

Chicken lice which are found on the chickens will not only reduce the egg production but in some cases will cause death. As lice multiply very fast, a few now will mean that the entire flock will become heavily infested in a short time if treatment is not applied at once.

Sodium Fluoride, which can be purchased at any drug store, when applied properly will rid the flock of all lice. This powder can either be applied by using an old can with small holes in the top, the same as any other louse powder is used, or by the pinch method. This method is to take a small pinch of the powder between the fingers and apply under the feathers in the following places—in the fluff just beneath the vent, under each wing, at the base of the neck, and at the base of the tail. It is very important that every chicken on the farm be treated as one left untreated will soon cause the entire flock to become infested again.

Mites which are found on the roosts and in the cracks and crevices of the house can be gotten rid of by spraying the interior of the house with lime sulphur or some good cresol dip. These dips should be mixed according to the directions given on the package. It is very important that the spray reaches all the cracks and crevices in the house and it is better to remove the nests and roost poles and spray them thoroughly.

## Keep the Flies Off the Cows

A good fly spray can be made from 4 1/2 quarts coal tar dip, 4 1/2 quarts fish oil, 3 quarts coal oil, 3 quarts whale oil, and 1 1/2 quarts oil of tar.

Dissolve 3 lbs. laundry soap in water, add the ingredients of the spray and bring the whole up to 30 gallons with lukewarm soft water. This spray will keep off the flies and prevent the coats of the animals from becoming harsh.

The cows should be sprayed twice a day—in the morning after milking and in the afternoon when in the

barn for silage or green feed. Thirty gallons of mixture will spray 40 cows two times a day for ten days.

## Preserve Eggs in Water Glass

Eggs are cheap now, but will no doubt sell for a good price next winter. It seems that it would be a good proposition to preserve eggs now for next winter's use. The following are the steps for preserving eggs in water glass:

(1) Select a 5-gallon crock and clean it thoroughly, after which it should be scalded and allowed to dry.

(2) Heat a quantity of water to the boiling point and allow it to cool.

(3) When cool, measure out nine quarts of water, place it in the crock and add one quart of sodium silicate, water glass, stirring the mixture thoroughly.

(4) The eggs should be placed in the solution. If sufficient eggs are not obtainable when the solution is first made, additional eggs may be added from time to time. Be very careful to allow at least two inches of the solution to cover the eggs at all times.

(5) Place the crock containing the preserved eggs in a cool, dry place, well covered to prevent evaporation. Waxed paper covered over and tied around the top of the crock will answer this purpose.

Fresh, clean eggs, properly preserved, can be used satisfactorily for all purposes in cooking and for the table. When eggs preserved in water glass are to be boiled, a small hole should be made in the shell with a pin at the large end before placing them in the water. This is done to allow the air in the egg to escape when heated so as to prevent cracking.

## Junior Farmers Are Told How To Grow Small Fruits

Lexington, Ky., June 21.—Points on growing, marketing and harvesting such crops as strawberries, red or black raspberries and grapes are contained in Circular No. 98 which has just come off the press at the College of Agriculture and which is intended to be a guide for junior agricultural club members who are growing small fruits as their club project.

## Does the Farmer Need a Teacher?

Do we not every Sabbath have a teacher in the pulpit and in the Sunday school, so that we may live better lives?

Does not every lawyer have from one to two thousand silent teachers in his office, that is, his law books? And he daily learns from them, so that he may be a better lawyer.

Does not the physician have his books (his silent teachers) and medical papers that he learns from every day? Many of them go often to take special courses in the large city hospitals, so that they may be more skillful physicians.

Do not our children listen to the teachers in the public schools nine months out of the year?

Does not the banker take the financial papers and attend bankers' conventions, in order to learn better methods, even if his hair is white as snow? Yes, it is all true.

Why should not the farmer have his teacher and bring forth the fruits of the earth more abundantly? Without such fruits the population of the earth would disappear. The farmer heads all occupations in importance; he feeds the world, with the help of Providence. Surely he needs teachers also. There is no farmer, no matter how good a one he is, but who can learn to be a better one.

Every farmer should read a reliable farm paper, one covering the exact needs of his section, and, whenever possible, he should take a short-term course at the State Agricultural College.

## BEVERIDGE TURNS

## DOWN TOKIO POST

Fresno, Calif., June 16.—Former United States Senator Albert J. Beveridge of Indiana has formally been offered the position of Ambassador to Japan and has declined the post, according to a special dispatch to the Fresno Republican from Washington published today.

The reason given for the refusal

## ANNOUNCEMENT

Mr. Edele B. Ford, President of the Ford Motor Company, gives out the following statement:

"Another reduction has been made in the list price of all types of Ford cars and the Ford truck to take effect immediately. The list prices, f. o. b. Detroit, are now as follows:

TOURING CAR	.....\$415.00
RUNABOUT	..... 370.00
COUPE	..... 695.00
SEDAN	..... 760.00
CHASSIS	..... 345.00
TRUCK-CHASSIS	..... 495.00
TRACTOR	..... 625.00

"The big reductions last fall were made in anticipation of low material costs which we are now getting the benefit of, and this fact together with increased manufacturing efficiency and the unprecedented demand for Ford cars, particularly during the past three months permitting maximum production, have made another price reduction possible immediately.

"Ford business for April and May 1921 was greater by 56,633 cars and trucks than for the same two months in 1920; in fact, the demand has been even greater than the supply, so that our output has been limited, not by unfilled orders but by manufacturing facilities.

"During May we produced 101,424 Ford cars and trucks for sale in the United States alone—the biggest month in the history of our company—and our factories and assembly plants are now working on a 4000 car daily schedule for June.

"The Fordson tractor is still being sold at less than the cost to produce on account of the recent big price reductions, and it is impossible, therefore, to make any further cut in the price of the tractor."

Can you afford to go without a car any longer when Fords are selling at these new low prices? There is no reason now why you should delay purchasing a Ford car, Ford truck, or Fordson tractor.

We will gladly advise you concerning the delivery of a Fordson tractor or the particular type of car in which you are interested. Just phone us or drop us a card.

## DENBY MUZZLES NAVAL OFFICERS; SIMS TARGET

## List of Taboo Topics Issued; Sensorship of Professional Subjects Denied

Washington, June 14.—Secretary Edwin Denby of the Navy Department today issued a general order relating to public utterances and writings by persons belonging to the navy.

While the Navy Department will maintain no censorship on discussions by navy men of professional subjects, there will be limitations in the regulations concerning utterances on broader questions, such as foreign relations, war plans and confidential matters.

In issuing the order today no reference was made by Mr. Denby to the recent controversy over Admiral W. S. Sims' recent speeches in London on the Irish question, which he has been called home to explain, but it is evident that the author of the regulations had them in mind.

## Denby Issues Order

After setting forth that the navy will maintain no censorship on articles or utterances on professional subjects, the Denby order says:

"Nevertheless, unrestricted utterance or publication of fact and opinion may divulge information which it is not advisable to make public, and may constitute an offense against military discipline as conduct prejudicial to the good and discipline of the navy."

For information and guidance of the naval service this order enumerates some of the limitations which come under the naval regulations:

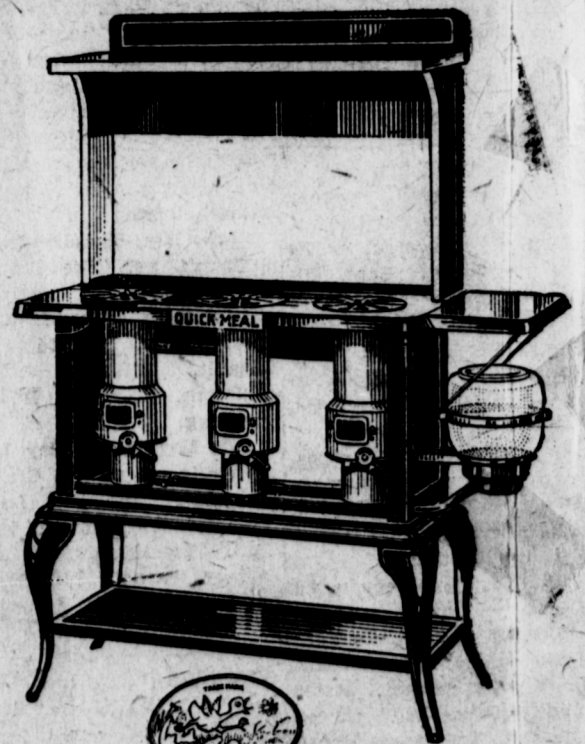

"(a) Articles bearing on the foreign policies of the Government.

"(b) Articles offensive to foreign Governments.

"(c) Open discussion of war plans, proposed or approved strategic and tactical plans, or new developments in naval material not yet made public.

"(d) Any communication intended for the public must be composed only after mature reflection, in a spirit of good taste and good temper and in a seemly and proper manner.

The long blue CUPOLA chimney insures perfect combustion under all conditions—the heat is clean and intense. The flame comes to full flame immediately and is under instant control; always plainly visible through the mica window. There are no parts that can burn out because the flame is free and none of the burner parts are subjected to the heat of the flame. The burners are brass and the patented corrugated wick-tube prevents the wick from sticking in the burner. The wick is automatically kept free and clean.

A demonstration of the "QUICK MEAL" OIL STOVE with CUPOLA BURNERS will convince you of the superiority of these features which combined with the excellent workmanship and attractive appearance of the stove will prove to you that no other will satisfy.

In these days when party lines  
are more loosely drawn than they  
were a generation ago, it is no un-  
common thing to hear a man ac-  
claim himself as an "independent"  
or "non-partisan" in politics. If a  
private citizen with an acknowl-  
edged reputation for veracity and  
probity, so announces himself, one  
has no reason to doubt his sincerity  
or good faith. But when an  
office-holder or office-seeker begins  
to herald himself abroad as inde-  
pendent or non-partisan, it behooves  
the voters to closely scrutinize the  
motives of the self-styled "expon-  
ents of high moral ideals." If a man  
changes from Democrat to Republi-  
can on "principle," another variety  
of "principle" might reverse the  
process. Our district judicial cham-  
eleon recently seemed to be threaten-  
ed with such a metamorphosis, but  
the process was checked in some  
way and he has become a violent  
"lambaster" of Democrats and all  
things Democratic. He even went  
down on record at Frankfort last  
week as a REPUBLICAN candidate.  
The old gentleman is getting back  
to "normalcy." His defeat in Nov-  
ember will complete the job.

The Democratic Convention held  
here Monday was one of the most  
successful ever held by the party  
in this county. The attendance was  
phenomenal and the enthusiastic  
spirit shown by the loyal party  
workers in attendance was most en-  
couraging. The presence and par-  
ticipation of the ladies added the  
finishing touch of refinement and  
decorum to the deliberations. The  
perfect harmony in evidence fore-  
shadows a re-birth of Democratic  
activity in the county, which will  
surely lead to ultimate victory. The  
Convention recommended a ticket  
made up of good, clean, competent  
men. If they are the party's rep-  
resentatives in the final election,  
they will be worthy the suffrage of  
all citizens of the county who are  
seeking an honest, economical, busi-  
ness-like administration of public  
affairs. They, together with the  
candidate for Sheriff, to be selected  
in the primary, will probably be  
elected and will most certainly  
make good in their various official  
positions.

That notorious campaign crier,  
"Timbuctoo Ed Morrow" has sure  
cooked up a pretty kettle of fish—  
for himself, his party and his state.  
In the case of his recent pardon of  
the bandit, Blair, who had served  
only about half his sentence and  
was wanted by the Federal au-  
thorities, our much heralded "Re-  
form Governor" has been "caught  
with the goods," as it were, and  
like a schoolboy detected in some  
misdemeanor, is trying to cry and prom-  
ise himself out of deserved rebuke  
and punishment. Most unfortunate  
for the man who promised such  
great things in the way of prison re-  
form during his candidacy for Gov-  
ernor. His plaint is near-pathe-  
tic: "I have made a mistake. I  
am sorry—I shall not make the  
same mistake again." We honor the  
Governor for being manly enough  
to admit his error; we trust he has  
really learned his lesson. But his  
sorrow cannot lessen the scandal of  
the occurrence or efface the blot it  
has put on the fair name of Ken-

tucky. When lawlessness is ramp-  
ant, such executive carelessness in  
extending clemency is most dis-  
couraging to the enforcers of the  
law. Let us hope the Governor is  
"cured," but his excuse is childish.  
The man who was to redeem Ken-  
tucky by his political wisdom and  
statesmanship, ought to know bet-  
ter than to grant the request of one  
of the leading "practical politicians"  
of his party in the State, for a par-  
don for a convict about whom he,  
(Morrow) knew nothing. The Ex-  
ecutive, is right—one must depend  
upon his friends, but his depend-  
ence should not be blind. The mere  
fact that Maurice Galvin, Republi-  
can State Central Committeeman,  
had interested himself in Blair's  
case, ought to have been enough to  
put the Governor on his guard.  
Such a request from such a source  
has always a sinister look. This  
matter ought to be fully investiga-  
ted and the "nigger in the woodpile"  
ferreted out. Then and then only  
will the public accept the Govern-  
or's promises at their full value.  
Unfortunately there are some who  
got so used to his shedding of croc-  
odile tears in the last campaign, that  
they are prone to suspect that he  
has got the habit and is trying to  
turn their shedding to personal  
ends. Perhaps this one of the  
"best minds" has decided that such  
lacrimose walls are a sort of gen-  
eral panacea against all the ills of  
life.

## R. C. HUDSON

Mr. R. C. Hudson died at his  
home near Buford Wednesday morn-  
ing at six o'clock. Mr. Hudson was  
past the ripe old age of seventy  
years. He had been in failing  
health for the past few months and  
his death while expected, was a  
great blow to his family and his  
great host of friends throughout  
the county. He was one of Ohio  
County's best and most substantial  
citizens. His loss will be keenly  
felt not only in this community but  
throughout the entire county. He  
was widely known and his friends  
were numbered by all of those peo-  
ple who were fortunate enough to  
know him. He was born and reared  
in the county and has been a con-  
sistent member of Mt. Carmel  
Baptist church since early youth.

Burial services were held at Mt.  
Carmel church yesterday morning  
at eleven o'clock. The remains were  
interred in the cemetery nearby.

Mr. Hudson is survived by his  
wife, Mrs. Sallie Bell Hudson and  
three children, John and Noble Hud-  
son, and Mrs. Worth Wade. He  
leaves several brothers, one of  
whom is a resident of this place,  
Mr. C. A. Hudson. He was a brother-  
in-law of Mr. J. C. Riley of this  
place, and Mr. I. P. Barnard of  
Louisville.

## MRS. McCracken Entertains

On Wednesday afternoon June  
15, Mrs. M. L. McCracken very de-  
lightfully entertained the Ladies So-  
cial Club, at her home on Walnut  
Street. She was assisted in receiv-  
ing by Mrs. Claud Blankenship. A  
number of enjoyable games of Rook  
were played after which a delicious  
lunch was served. The guests were  
Mesdames F. L. Felix, Rowan Hol-  
brook, E. G. Barrass, A. C. Porter,  
J. S. Glenn, Henderson Murphree,  
Darrell Sullinger, E. E. Birkhead,  
R. T. Collins, O. C. Martin, Mrs.  
Belle Cooper, Misses Lettie Marks,  
Myrtle Maddox, Lelia Glenn, Mar-  
garet Marks and Mary Marks.

## LOCAL DASHES

Mrs. A. D. Buskill returned from  
Hodgenville Thursday where she  
had been visiting Mrs. Leland Smith  
and left that night for her home in  
Houston, Texas, having been called  
home by the sudden illness of her  
mother-in-law.

Mr. Clarence Field, of New Or-  
leans, spent last Wednesday and  
Thursday with his aunt, Miss Mary  
Rowe, of this city. He was enroute  
home from a business mission in the  
North. Mr. Fields holds a most re-  
sponsible position as Assistant to  
the President of the Southern Pacific  
Railroad. Clarence's many local  
friends were indeed glad to see  
him again.

Harland H. Barnes formerly of  
Beaver Dam, but now living in New  
Philadelphia, Ohio appeared in  
"The Follies of 1921" staged at the  
Union Opera House, New Philadel-  
phia, Ohio, June 15 and 16. The  
new show was a combination Min-  
strel and Musical. Mr. Barnes  
has had six weeks' training under  
Director Cline of the E. B. Hutchi-  
son Fraternal Producing Company  
Columbus, Ohio.

The following Democrats have  
filed their Notifications and Declara-  
tions entitling them to go on the  
ballot as candidates at the August  
primary: Jailer, Newton R. Baize,  
Fordsville; Tax Commissioner,  
Clarence Patton, Bartlett's; Magis-  
trates 3rd. District, C. B. Patterson;  
4th. District, T. J. Barnett, R. B.  
Canary and Willie Harl; 5th. Dis-  
trict, J. H. Ambrose, Ira Moseley, G.  
S. Holbrook, and O. C. Magan, 6th.  
District, E. F. Cook.

Mr. Otis Howard spent a few  
days here last week with his par-  
ents, Mr. and Mrs. C. B. Howard.  
Otis has just graduated from the  
State University as a mechanical En-  
gineer. He left Monday for the  
Great Lakes Training Station where  
he will take his regular annual  
training as a member of the Naval  
Reserve, after which he will go to  
Cleveland, Ohio, where he has ac-  
cepted employment with the Bailey  
Meter Co.

Mrs. Lucy A. Klein, son, George  
L. Klein and the latter's daughter,  
Miss Marie, all of Quincy, Ill., were  
in Hartford several days this week,  
visiting old friends and neighbors.  
They were welcome visitors at the  
Herald office, where Mrs. Klein's  
son, Lawton, formerly was employ-  
ed. Mr. George L. Klein is the  
head of a large advertising novelty  
company at Quincy. The Kleins are  
most pleasantly remembered by  
their many friends here, who were  
indeed glad to meet and greet them  
again.

## OUTBUILDING DESTROYED BY FIRE; DWELLING THREATENED

Shortly after six o'clock Monday  
evening, a three room combination  
meat house and coal house about  
four feet to the rear of the resi-  
dence of Mrs. M. J. Ross, in this  
city, became ignited and the fire  
alarm was given. As is usual with  
Hartford citizens, everyone in hear-  
ing responded to the call and  
through hard and heroic work suc-  
ceeded in preventing the dwelling  
from being consumed.

As in some preceding instances  
there was no water in the city reser-  
voir and the hose connections were  
rendered useless making it neces-  
sary for the water to be carried  
from nearby wells in buckets.

This occasion very strongly sub-  
stantiated the proof that Hartford  
has the most prompt and heroic  
firefighters in the state.

## MASONIC NEWS

Hartford Lodge No. 675, F. & A.  
M., was the host Monday night of its  
ward, Miss Katie Lee Lloyd. After  
routine business, the lodge held an  
open session for the Masons and  
their families from the various  
lodges of the county. This meet-  
ing was held for the purpose of giv-  
ing the Ohio County Masons an op-  
portunity to meet the young lady  
they have selected as the benefi-  
ciary of their largess and Miss Lloyd  
an opportunity to receive their  
greeting and good wishes in person.  
Upon her arrival in Hartford she  
was met by a delegation of Masons  
and their wives, given a hearty wel-  
come and entertainment. The meet-  
ing in her honor was held at the lo-  
cal Lodge Hall and was under the  
direction of Brother A. C. Porter,  
Master of Hartford Lodge. The pro-  
gram was preceded by an invoca-  
tion by Brother Russell Walker,  
Pastor of Hartford Baptist Church.  
The first number was a song in  
which all present joined. Solos  
were also sung by Mrs. Otto C.

Martin and Brother George Jones,  
Miss Margaret Nell being the organ-  
ist. Miss Lloyd was then introduced  
by the Master and made a most  
winning talk. Entertaining im-  
promptu talks were also made by  
Brothers E. A. Barnard, Ceralvo;  
A. B. Tichenor, Point Pleasant; Rev.  
W. S. Buckner, Fordsville; Ozna  
Shultz, Otto C. Martin and C. M.  
Crowe, Hartford; and Mesdames,  
Ernest Taylor, Beaver Dam, and  
Fred Compton, Whitesville. Ref-  
reshments added to the pleasure of  
the occasion. A letter of commenda-  
tion from Miss Lloyd's teacher will  
be found in another column.

Hartford Lodge will meet in call  
communication tonight for the pur-  
pose of putting on work in the  
Third.

Cromwell Lodge had a large and  
enthusiastic meeting last Saturday  
night. Four candidates received  
the Master Mason degree. Ref-  
reshments were served and a large  
crowd was present, fifteen lodges  
being represented. Among those  
attending from Hartford were:  
Judge Mack Cook, Ray Cook, A. C.  
Porter, O. C. Martin, Alfred Stewart  
C. M. Crowe, W. F. Schapmire and  
Ozna Shultz.

The Order of the Eastern Star  
held a social at Dundee last Sat-  
urday night. Refreshments were  
served and an enjoyable program was  
rendered. A large crowd was in at-  
tendance.

## C. B. CARDEN ANNOUNCES FOR OFFICE OF SHERIFF

In this week's issue will be found  
the announcement of Mr. C. B. Car-  
den, a candidate for Sheriff of Ohio  
County, subject to the action of the  
Democratic party in the primary  
election, Aug. 6, 1921.

Mr. Carden was born and reared  
in the Fordsville vicinity of this  
county and lived in and near Fords-  
ville until about three years ago,  
when he came to Hartford, where  
he now resides. He is really and  
truly a self made man, having be-  
gun his business career with practi-  
cally no finances and by close atten-  
tion to his work made a success  
of every business enterprise in  
which he has been engaged. As far-  
mer, stockman, miller and merchant  
he has shown strong ability as a  
manager. His character is above  
reproach.

If nominated, Mr. Carden will  
carry the Democratic banner to vic-  
tory in November.

## LARGE IMPLEMENT WAREHOUSE DESTROYED BY FIRE

A large implement warehouse and  
most of its contents belonging to  
Luther Chinn, Beaver Dam, was de-  
stroyed by fire of unknown origin,  
June 15. The contents consisted of  
cultivators, 1 manure spreader,  
plows and other farming machinery.  
The loss is estimated at \$4000.00,  
partly covered by insurance.

## Riveting Quickly Done.

An electric heater for rivets, de-  
signed to take two rivets at a time,  
momentarily breaks the circuit through  
the second rivet when the hot one is  
withdrawn. The heat is diffused while  
a cold rivet is being inserted, and  
thus the heating is made more uniform  
when the circuit is again completed.  
The shanks are heated very evenly  
throughout their length, the heads—  
of larger diameter—reaching not quite  
so high a temperature. Current is  
supplied from a shell-type transform-  
er only while rivets are being heated,  
and a switch gives voltage control to  
adjust the heat for different sizes.  
Rivets up to five inches in length are  
taken without adjustment. The ca-  
pacity of the heater is 75 pounds per  
hour, and in continuous operation  
from three to five pounds of rivets  
can be heated for each kilowatt-hour  
of energy consumed.

## America's Battle Cries.

A writer in the New York Evening  
Post, appealing the various battle cries  
that have urged forward our armies  
in the wars in which our nation has  
been engaged, says that in the Revo-  
lution the cry was, "No taxation with-  
out representation;" in the War of  
1812, "Free trade and sailors' rights;"  
in the Mexican war, "Remember the  
Alamo;" in the Civil war, on the  
Union side, "On to Richmond," on the  
Confederate side, "On to Washing-  
ton;" in the Spanish war, "Remember  
the Maine;" in the recent World war,  
"Make the world safe for democracy."

## Radio Control for Airplanes.

There can be doubt that if the war  
had lasted a few months longer we  
would have witnessed the leading ar-  
mies employing great fleets of air-  
planes controlled by radio means. The  
United States army had progressed  
pretty far along this line when the  
armistice was declared. The same  
can be said for Germany. Now we  
learn that the French have demon-  
strated that five or six small and in-  
expensive bombing planes, without pi-  
lot, can be successfully guided by a  
"shepherd" in a larger plane through  
the means of Hertzian waves.—Scienti-  
fic American.

## HOMECOMING FEAST GIVEN WM. J. WHITE

Forty-nine years ago, Francis M.  
White, who died 15 years ago, sold  
his farm lying between Centertown  
and Ceralvo and moved to Daviess  
County. His son, Wm. J. (Billy)  
was then 13 years of age. A host  
of Ohio County friends and kin  
were left, whom Billy visited per-  
iodically for ten or twelve years,  
until he went to Louisville in 1887.  
He next went to Paducah in 1893,  
where he has made his home ever  
since. His last visit to Ohio County  
was 26 years ago. Recently he  
wrote to a cousin, Francis M. Hef-  
lin, that he would arrive in Center-  
town on a business trip, Saturday,  
June 11, and would like to meet  
as many old friends and kin on  
Sunday as possible. The word was  
passed around by 'phone, and ar-  
rangements were made to meet at  
noon, Sunday in Dr. Mort Warden's  
grove with lunch baskets, tubs of  
lemonade, etc.

When Mr. White arrived ten  
minutes past noon he was met and  
greeted by the following people: L.  
B. Loney, Mr. and Mrs. Jas. L.  
Heflin and Hobart, Shafter, Mon-

## PORTER PEACE TURNED DOWN BY SENATORS

### Stand By Knox Resolution As Plan Without Loopholes in Ending War

Washington, June 14.—The Senate today flatly refused to accept the House substitute for the Knox peace resolution and sent both measures to conference. Instructions were given to the Senate managers to insist on the Senate draft of the peace resolution and to oppose substitution of the so-called Porter measure to the last ditch.

All signs point to a prolonged debate over the measure. The Administration, it is clearly indicated, will refuse to intervene in the controversy.

President Warren G. Harding, it is understood, is desirous that the two houses should undertake a solution to their difficulties without executive interference.

#### Delay Pleases Harding

The Administration, according to reports at the capitol, is in no great hurry for final adoption of the resolution and in fact would not be greatly disappointed if it were held up in conference until the European situation clears up more satisfactorily.

Senator P. C. Knox, Pennsylvania author of the Senate resolution and his fellow townsman, Representative Stephen G. Porter, author of the House resolution will clash head-on when the conference begins. The Senate today appointed Senator H. C. Lodge and Mr. Knox, Republicans and Senator Gilbert M. Hitchcock, Democrat as the conferees. The House will appoint Mr. Porter, Representative John Jacob Rogers, Massachusetts, Republicans and Representative Henry D. Flood, Virginia, Democrat, as its managers.

The Senate by its action today clearly indicated that it will pin all its faith in the judgment of Mr. Knox, its foremost international authority, who drafted the peace resolution after long and careful study of the legal intricacies interwoven in the declaration of peace. Senators feel confident that Mr. Knox with his wide experience as Secretary of State, was better equipped to draft a resolution of such far reaching importance than Mr. Porter.

#### Fear Measure Has Loophole

The Senate conferees are expected to take the position that the constitutionality of the Porter Resolution may be gravely questioned and that it may leave the way open for ceaseless litigation. Senators point out that the right of Congress to repeal one of its own acts, as the Knox Resolution provides, is unquestioned but that the power of Congress to assume the functions of a treaty making body and declare the war at an end may be open to attack in the courts. They are anxious to close up all loopholes by which the United States might be kept in a purely technical state of war with Germany.

It was asserted in Administration quarters today that this Government has made its position clear on the main issue in Secretary Charles Evans Hughes' notes to the foreign governments that it will not heed the invitation of the League of Nations.

Mr. Harding and Mr. Hughes believe the mandate instructions should be settled by the Supreme Council in which the United States already is represented by Ambassador George Harvey.

### DRAW NEW PLANS FOR FARM CREDITS

Washington, June 15.—Plans for the extension of credit and a more feasible plan for storing and marketing grain have been worked out by Secretary of Commerce Hoover and Secretary of Agriculture Wallace. At the same time it was learned legislation authorizing the War Finance Corporation to lend \$50,000,000 to livestock raisers was recommended by Governor W. P. G. Harding of the Federal Reserve Board.

The first plan provides that the farmer is to have unlimited storage facilities and will be given a certificate which will pass for an order of delivery. This will, it is believed, relieve the farmer of the pressure for selling except when he wishes to do so and will also extend his credit area beyond his local bank.

The country elevator will receive all grain and the certificate will show the quantity and grade, together with the storage and other charges, and the elevator will ship to terminal elevators on the presentation of the certificate. The storage certificates will be safeguarded

by a method of insurance by liability companies.

The Federal Reserve Board plan of affording relief to farmers was offered to meet the peculiar emergency existing in the cattle raising industry and has the support of Secretary of the Treasury Mellon, Mr. Harding said. He declared that although the exigencies of last year are no longer present, stock producers still need more credit than they can obtain through existing agencies.

He suggested, therefore, that the time limit on cattle secured notes which the banks may discount be lengthened from six months to one and two years as long term credit is needed. The \$50,000,000 would be used by the War Finance Corporation, but might be loaned through Federal Reserve banks, he suggested. All advances could be made within three years, so that the money used would eventually be returned to the Government.

### U. S. AND JAPAN DISCUSS TERMS

Washington, June 16.—Treating as an integral problem the several questions pending between them, the United States and Japan have opened direct negotiations to effect their settlement on a broad basis. The questions being considered in the negotiations, which are being conducted by Secretary Hughes and Baron Shidehara, include the isolation of Yap and the return of Shantung to China. Through the French government, as a result of the American protests against the award of the Yap mandate to Japan the United States had undertaken to place the Yap situation before the League of Nations, its settlement by the Supreme council being asked.

### SMALLER TOBACCO CROP IS PRESENT PROSPECT

#### Last Season Taught Growers Much by Hard Experience

Tobacco prices, in the opinion of those who profess to know, will be much better the coming fall than were the closing prices of the past season. It is apparent now that the new crop will not be nearly as large as in the last few seasons for various reasons. Weather conditions have been unduly favorable to a curtailing of the crop by the growers, and the sad remembrance of past experiences of overproduction is fresh in the minds of most of the people who labor in the production of the weed.

It was quite evident last season that quality stuff was very much more profitable than quantity. From a limited survey of the county, in discussion with numerous growers of both large and small acreage, it is believed that there is the strongest disposition abroad to limit the acreage to such an extent that each producer will make a high class article. Large acreage growers, who employ hands, as well as pursue the tenant cropper method, are convinced that the salvation of the tobacco growing industry in the Green River district is in the production of a limited quantity of a high class article.

#### Consider the Fruit Grower

The fruit growers of the Northwest have solved the problem of cooperative marketing. It can be just as easily applied to the tobacco growers of Kentucky. Faulty fruit and fruit of an inferior quality is not allowed to be marketed under any circumstances. It is contended that this fruit comes in competition with higher class fruit and is used to drive down the better prices for good fruit. It is certain that if high class stuff of any kind only is offered to the purchasing public, the price will be paid. Consequently the fruit growers puts on the market nothing but high grade stuff and gets the top price.

The citrus fruit growers raised the price of lemons and oranges from starvation prices to the limit by one method only,—that of selection and guarding production. In this way the price of these fruits were more than doubled and the producers reaped the harvest.

What has been done by one set of producers can be done by another. There is no valid reason why tobacco growers cannot control the price of their product, just as do the fruit growers and manufacturers. It takes a little brains mixed with a considerable amount of cooperation in producing before reaching the marketable stage. This has been the secret of success in all manufacturing enterprises. It has likewise worked successfully among tillers of the soil.

### NEW DRY CHIES MAKES AN APPEAL FOR MORE MEN

#### Calls on American People to Uphold Law as Set Forth In Amendment

Washington, June 14.—In his first formal statement, Ray A. Haynes, the new federal prohibition commissioner, appealed today to the American public to band together to uphold the law as set forth in the prohibition amendment. The watchword of the new prohibition administration he declared is "efficiency," adding that the laws would be enforced as enacted.

"At the very outset of my administration of this office," Mr. Haynes said, "I want to preach the gospel of the need of law enforcement. If ever there was a time in the history of America when all good citizens should unite on a program for law enforcement in the home, in the school, in the church, and in the press, it is today. To 'wink at' the breaking of one law and preach the observance of another is unpatriotic and un-American. On that basis I believe former so-called liberals will as vigorously aid in the enforcement of the dry laws as those who have always been dry. Any other policy toward law in general means chaos; means bolshevism.

#### Appeals to Press

"I am a newspaper man by profession. I have full knowledge of the power of the press. I appeal especially to the editorial and news writer, to the cartoonist, to the reporter, to the scenario writer, to the playwright to lend every aid to law enforcement. The editorial, the cartoon, the news story, the film or the legitimate play which has in it the merest statement or inferential suggestion that the dry program is easily violated, that it is a joke—is not only harmful in the wrapping of sentiment against the enforcement of this one law but obviously such influence leads to a disregard of law in general. Such suggestions create in the minds of the young an unfair and unfortunate attitude and encourage among the irresponsible, the breaking of all laws. I wish that we might have in America a

## A GOOD FRIEND

A good friend stands by you when in need. Hartford people tell how Doan's Kidney Pills have stood the test. Miss Emma E. Park, of Washington St., endorsed Doan's four years ago and again confirms the story. Could you ask for more convincing testimony?

"I can certainly praise Doan's Kidney Pills because they are an excellent kidney remedy," says Miss Park. I suffered with a dull backache and dizziness. Black spots came before my eyes and my kidneys didn't act right. Mornings I got up feeling tired and worn out. I learned of Doan's Kidney Pills through the newspapers and started their use. This remedy did me a lot of good and I consider it excellent." (Statement given November 16, 1916.)

On January 25, 1921, Miss Park said: "It is not often I feel the need of Doan's Kidney Pills since I publicly endorsed them in 1916. When I do have a little trouble with my kidneys, a few Doan's never fail to promptly cure me. I am glad at any time to tell others about Doan's."

## HARDING SHOWDOWN DEMANDED BY EDITOR

Time To Reveal Plan For Association, Hamilton Holt  
Tells President

New York, June 16.—Hamilton Holt, magazine editor, who headed the delegation of Pro-League Republicans that called on former President Wilson during the last Presidential campaign, today made public a letter he had written President Harding asking him to explain to the American people the terms of the Harding association proposed to supplant the League of Nations.

"If you delay much further people everywhere will inevitably conclude that you have no concrete plan at all or else that you propose to put party harmony above world welfare," declared Mr. Holt.

"In that event there will be nothing left for those who want America to play her rightful part in stabilizing the world but to organize the country so as to capture Congress for the league in 1922 and the Presidency in 1924."

This, Mr. Holt asserted, could be done. He declared that the League of Nations and Bolshevism were the only great ideas that had come out of the war as world panaceas and he asked the President whether he could guarantee that the world would not turn to Bolshevism, if it came generally to be believed that he had no plan at all for a substitute for the league.

Mr. Holt, a member of the League to Enforce Peace took a hand in the last Presidential campaign by making public a list of 100 Republicans who had bolted the Harding ranks.

## Own Followers Left In Doubt

The text of his letter follows: "It is now six years that the League of Nations issue has been before the country. It is now two years that you as Senator, Presidential candidate, President-elect and President have had the League of Nations issue officially before you for action."

"As Senator you have voted to have the United States enter the existing League provided the Lodge amendments were made part of that act of ratification. As Presidential candidate you left the country and even your own followers in doubt as to your attitude. Thirty-one pre-eminent Republicans—among whom were your Secretary of State, Mr. Hughes, and your Secretary of Commerce, Mr. Hoover—assured their fellow countrymen that you would go into the existing League. Senators Borah and Johnson and the other 'irreconcilables' assured them you would not."

"As President-elect you did not see fit to disclose your attitude on the League beyond what you had said during the campaign. Both the 'thirty-one' and the 'irreconcilables' claimed you for their own."

"As President, however, you have unequivocally repudiated the existing League of Nations, whose area comprises considerably more than half the earth and whose population numbers three-quarters of the human race. You even permitted without rebuke your Ambassador at the Court of St. James to say that you will have nothing to do with any 'commission or committee appointed by the League or responsible to it, directly or indirectly, openly or furtively.'"

## "Association" Promised

"You have, nevertheless, as Presidential candidate, repeatedly promised during the campaign and as President you have reiterated that promise, that you will seek to establish 'an association of nations based upon the application of justice and right, binding us in conference and co-operation for the prevention of war and pointing the way to a higher civilization and international fraternity in which all the world might share.'"

"You have not yet given the American people the slightest inkling of the terms of this Harding association that you propose shall supplant the Wilson league. Has not the time come, I respectfully ask, for you to do this?"

"Surely you cannot expect the forty-eight members of the present league to scrap it and come into your association unless two things are perfectly clear:

"First, that the new association is substantially as good as or better than the existing league, and,

"Second, that this time a proposal of a President of the United States will have the permanent and overwhelming support of the American people."

"You are a statesman of sufficient experience to know that our people will not support your association—no matter how excellent—without

the fullest preliminary discussion. Events of the last two years have demonstrated this. You cannot, therefore, hope to get public opinion behind your association without taking your countrymen into your confidence."

## Democrats Could Block Plan

"Even if your own party were completely united on the issue you would still have to get some Democratic support to assure the ratification of your association by two-thirds of the Senate. As your party was the one that first made the League a party issue the Democratic Senators would be only human now if they turned the tables and also made your association a party issue. They control more than a third of the votes in the Senate and they can block you as you and your colleagues blocked Mr. Wilson."

"If you expect to gain Democratic support it is incumbent upon you to propose an association so concrete and effective as to commend itself to the enlightened sense of both parties. Therefore, the quicker you take the American people into your confidence the better."

"There is another and even more important reason why you should disclose the details of your plan at once. The world is on the brink of revolution, famine and pestilence. The only two great ideas that have come out of this war as world panaceas are the League of Nations and bolshevism. If you repudiate the existing League and delay too long suggesting anything in its place you run the very real risk of making the world believe you have no plan at all and if that comes to be generally believed can you guarantee that the world will not turn to bolshevism."

"Mr. President, the time has come for you to redeem your promises. The country and the world have waited long enough to know just what kind of an association of nations you have in mind. If you delay much further people everywhere will inevitably conclude that either you have no concrete plan at all or else that you propose to put party harmony above world welfare. In that event there will be nothing left for those who want America to play her rightful part in stabilizing the world but to organize the country so as to capture Congress for the League in 1922 and the Presidency in 1924. This can be done, for the vast majority of the American people—Republicans as well as Democrats—want the United States to enter some sort of a league or association with enough 'teeth in it' definitely to hasten the day when, as Victor Hugo prophesied, 'the only battlefield will be the market opening to commerce and the mind opening tonewideas.'"

## HARDING EDITORIAL PRECEPTS

"Remember there are two sides to every question. Get both. Be truthful. Get the facts. Mistakes are inevitable, but strive for accuracy. I would rather have one story exactly right than a hundred half-wrong."

"Be decent, be fair, be generous, never vindictive."

"Boost; don't knock. There's good in everybody. Bring out the good. Never needlessly hurt the feelings of anybody."

"In reporting political gatherings give the facts. Tell the story as it is; not as you would like to have it. Treat all parties alike. If there is any politics to be played we will handle it in our editorial columns."

"Treat all religious matters reverently. If it can possibly be avoided never bring ignominy to an innocent woman or child in telling of the misdeeds or misfortune of a relative."

"Don't wait to be asked, but do it without the asking."

"And, above all, be clean. Never let a dirty word or a suggestive story get into type. I want this paper so conducted that it can go into any home without destroying the innocence of any child."

## CONCERNING COURTESY

Treating a customer like a rich uncle, so that you may extract his coin, is not courtesy—that's foresight.

Offering a seat to the man who enters your office is not courtesy—that's duty.

Listening to the grumblings, growlings and groanings of a bore without remonstrating is not courtesy—that's forbearance.

Courtesy is doing that which nothing under the sun makes you do but human kindness. Courtesy springs from the heart; if the mind prompts the action, there is a reason; if there be a reason, it is not courtesy, for courtesy has no reason. Courtesy is good will.

Only the generous man is truly courteous—he gives freely, without a thought of receiving anything in return.—Exchange.

THE UNIVERSAL CAR

ABOUT FORD CAR—SOLID LOGIC

The Ford car has been fundamentally right from the beginning. That fact made it "The Universal Car." It has always lead in lowest first cost as well as in lowest cost to maintain and operate.

Runabout, Touring Car, Coupe, Sedan, Truck and Fordon Tractor—we have them all and will make reasonably prompt delivery.

Simplicity has ever marked the designing and building of Ford cars, trucks and tractors. Henry Ford and his engineers have always striven for simplicity with strength. The success of the Model "T" Ford car and a great part of the Ford Motor Company's success has come from an early understanding and appreciation of that principle in motor car construction. The fewer the parts in a car, fewer the parts to go wrong. When that simple truth is carried out in producing a car, as it is in Ford cars, trucks and tractors, the result is bound to be a simplicity of design and building that means simplicity, durability and economy of operation.

This simplicity of construction proves itself in the ease with which Ford cars, trucks and tractors are driven. Four million five hundred Ford car is your necessity—let's have your order today.

## KENTUCKY CROP REPORT FOR JUNE 1921

Kentucky's wheat crop now promises 7,607,000 bushels compared to a prospect May 1, 1921, for 7,851,000 bushels, according to the June crop report issued by the U. S. Bureau of Crop Estimates in cooperation with State Commissioner of Agriculture W. C. Hanna. The condition of the state's wheat crop dropped from 93 percent May 1 to 87 on June 1. Last year the condition June 1 was 65 percent and the final yield turned out 5,610,000 bushels, while the 5-year average, 1915-19 inclusive, was 9,878,000 bushels which included the increased war acreage.

Oats are doing fairly well in most counties, on a good acreage. The condition is 84 percent of normal and the acreage about 346,500, indicating a production of about 7,859,000 bus., compared to 8,225,000 bushels produced last year from 350,000 acres which showed a condition of 90 percent June 1, 1920.

Rye condition is 91 percent of normal. With about 38,000 acres in the state to be harvested for grain this indicates a production of about 484,000 bus. compared to 480,000 bus. produced last year.

Barley acreage in Kentucky this year is about 10 percent more than in 1920, due chiefly to decreased burley tobacco acreage. Most of the barley in Kentucky is grown in the central Blue Grass counties. Condition of barley is 94 percent of normal, indicating a production of about 127,000 bushels compared to 112,000 bushels last year.

Farmers in many counties report their meadows are late and very weedy, and much of the young clover was damaged by the late freezes. Condition of clover is 81 percent, with the acreage about 3 percent more than in 1920, due chiefly to decreased tobacco acreage. Alfalfa condition is 86 percent. The acreage is about 4 percent more than in 1920. Pasture in most sections averages fair. Plowing, corn planting and tobacco setting still being done.

Apple prospects are very poor in most sections, the average being about 18 percent of a crop. Peaches and pears are about 8 percent of a crop. Truck crops are growing well now, but melons were severely checked by cold weather late in May. Blackberries promise a good crop in most parts of the state.

Tobacco: the first report on tobacco will be made early in July.

The condition of the crops in Ohio County, based on averages of farmers' reports and expressed as percentages of normal, are as follows: Wheat, 88; Oats, 89; Hay (all kinds), 82; Pasture 81.

## A TRIBUTE

The poem below was composed and typewritten by Miss Pauline Moore Williams, 16 year-old daughter of Mr. and Mrs. J. H. Williams, near the close of the recent term of school. She is totally blind but her other senses are wonderfully developed, she having just completed her freshman year in High School.

We'll bid adieu, to our teachers true  
At three o'clock to-morrow;  
We'll say goodbye, with our hearts  
weighed down,  
With a great, great load of sorrow.

But they have done their part, in  
our upward start,  
To the heights of education;  
So its not their fault, if we fail to  
reach,  
The goal of our destination.

We wish them all the best success,  
In whatever they each may follow;  
And we'll hold them high, as the  
days go by,  
With the greatest respect and honor

We'll never forget, the worth-while  
things,  
They said and did among us;  
And at last may we meet, on the  
golden street,  
In the glorious land above us.

In no school can a more home-  
like atmosphere be found, and no

## MASONIC WIDOWS AND ORPHANS' HOME

Louisville, Ky., June 8, 1921.

Mr. C. M. Crowe,  
Hartford, Ky.

Dear Sir:—At your request, I am sending you a short sketch of Miss Katie Lee Lloyd and some interesting facts concerning the school at Midway, Ky.

The little girl, Miss Katie Lee Lloyd, from the Masonic Home, whom the Masonic Lodges of Ohio County have selected to educate, has an exceedingly pleasant manner and a splendid intellect. She is a ward of A. G. Hodges Lodge No. 297, located at Whitesville, Ky., having come to the Home Sept. 17, 1916 and having completed the 8th grade in the Home school June 3, 1921 with an average of over 95 per cent for the year.

Kentucky Female Orphans School has been chosen as the school for Katie Lee to attend, and there is no doubt of its being a wise choice.

This is an accredited school, standing high in Class A, ranking in the character of its work with our colleges for women. It was founded by members of the Christian Church in 1846 to meet the urgent need of a place to educate orphan children. Having received the blessings which all worthy causes receive, it has been successful far beyond the dreams of the founders, and is continuing to grow in size and influence.

Girls of all Protestant denominations attend school here and receive the best of training for the duties of life. Only the ones who have a good character, an earnest purpose and the capacity for receiving an education may enter.

In no school can a more home-  
like atmosphere be found, and no

where does one find a healthier, happier company of young women. Special attention is given to the Domestic side of their education, Domestic Science being a part of the Curriculum and the daily duties being such as teach them the art of home making.

Katie Lee will have as school mates several of the Home girls, some of whom will graduate next year, some two years hence, and some will enter with her. We predict for her great success and shall watch her career with an affectionate interest.

Very respectfully,  
BELLE FORD.

MRS. ERNIE ROACH

Mrs. Ernie Roach died at her home two miles north of Rosine, last Sunday night after a lingering illness of tuberculosis. She was 24 years of age, a devout member of Mt. Vernon Methodist church and before her illness was organist for the choir at that place. She was a splendid type of young christian womanhood.

She was a daughter of Mr. and Mrs. Doc Burton, of Olston R. F. D. No. 1, who survive her. She also leaves her husband, a small sister and five brothers as follows: Allen, of Broadway Mines; W. B. Leeman, Roy and Ira, of Olston R. F. D. No. 1.

Funeral services were held at Mt. Vernon church, Tuesday afternoon, and the body was then laid to rest in the cemetery nearby. Her grandmother, Mrs. Elizabeth Acton, was buried in the same cemetery, just a week previous.

Miss May Walker, of Fordsville, R. F. D. No. 2, was the week-end guest of her brother, Rev. Russell Walker, and family.
